

Roderick (Roddy) Mendoza

Geek Squad Agent | Cybersecurity Student

❖ mendozaroddy12@gmail.com ❖ (815)-321-3129 - Chicago, IL

Results-driven Geek Squad Agent and current Cybersecurity student with a proven track record in technology solutions and client relations. Combines high-level sales performance with technical proficiency in network security and IT infrastructure. Eager to bridge the gap between technical expertise and client-facing service within a dynamic IT or security environment.

Work Experience

Best Buy - Geek Squad Consultation Agent | *April 2026 – Present*

- Apply cybersecurity principles and CompTIA-certified knowledge to perform initial hardware and software diagnostics for client devices.
- Educate clients on digital hygiene, including password management, multi-factor authentication (MFA), and malware prevention strategies.
- Manage sensitive client data with strict adherence to privacy protocols and ethical standards, mirroring industry-standard information assurance practices.
- Bridge the gap between complex technical vulnerabilities and client understanding through clear, jargon-free communication.

Best Buy - LG Home Theater Specialist | *August 2025 – April 2026*

- Achieved a Top 32 national ranking among all LG brand-specific Best Buy stores within the first week, driving immediate market impact for the LG brand.
- Served as a subject matter expert on premium OLED technology and integrated home theater ecosystems.
- Facilitated on-site technical training for sales teams to enhance product visibility and competitive technical knowledge.
- Delivered high-stakes product demonstrations, translating technical specifications into value-driven consumer solutions.

Best Buy - Sales Advisor (Part-time) | *April 2023 – July 2025*

- Generated approximately \$1 million in total annual revenue, maintaining a consistent efficiency rate of \$1,000 per hour.

Roderick (Roddy) Mendoza

- Consistently exceeded KPIs for service memberships and credit solutions by identifying specific client needs and hardware requirements.
- Recognized for excellence in customer engagement, ensuring a high-quality end-to-end shopping and technical support experience.
